

## NSW ACE Spring Meeting

# “Anaesthesia 2020”

Same same, but different...

November 16-17, 2019 | Gibraltar Hotel, Bowral

## Welcome

2020 vision of the future is something we would all like to have, but usually an educated guess at what lies around the corner is the best we can do.

Welcome to this year's NSW Regional Anaesthetic Continuing Education meeting which is being held in Bowral in the Southern Highlands.

The scientific program has been designed to cover aspects of our practice that we can definitely expect to change in the future (new drugs, “personalised” medicine) and some that will almost certainly remain the same, but require us to be ever vigilant (CICO, anaphylaxis). For the first time at a NSW ACE event we welcome Dr Stephanie Oak, consultant psychiatrist, who will be conducting an Acute Severe Behavioural Disturbance workshop, which has been added to the ANZCA CPD Emergency Response category.

Springtime in the Southern Highlands is beautiful and the conference venue, the Gibraltar Hotel is a spectacular location. Bowral is an easy 90-minute drive from both Sydney and Canberra so meet in the middle for a glimpse of anaesthesia in 2020 and beyond.

---

Dr David Elliott  
Co-convenor

Dr Iain Stewart  
Co-convenor
