

Learning objectives

Part 5

- The trainee experiencing difficulty
- Technology in teaching and learning

By the end of this session participants will have:

The trainee experiencing difficulty

- Identified some features exhibited by trainees experiencing difficulty.
- Classified early signs of a trainee experiencing difficulty.
- Outlined ANZCA processes for assisting trainees experiencing difficulty.
- Developed strategies for assisting a trainee experiencing difficulty to improve performance.

Technology in teaching and learning

- Reviewed various e-learning tools, virtual learning environments and learning management systems available.
- Discussed the evidence regarding using technology for teaching and learning.
- Used an e-learning tool to deliver a teaching session.
- Evaluated a web-based teaching/learning site.
