Join a state-of-the-art hospital in NSW

As an experienced and motivated Consultant Anaesthetist, this is your opportunity to be part of an innovative and growing Anaesthetic Department in the beautiful Bega Valley on the NSW south coast.

Supported by a committed on-site executive team open to improvement and change, you will use your clinical expertise to shape the future of this growing health service.

Key highlights

- Experience the benefits of working in a state-of-the-art facility;
- Supported by a (soon to be Level 4) / CCU ICU staffed 24/7 by experienced medical officers;
- Be part of an Anaesthetic team with a mixture of local and part-time visiting Anaesthetists;
- Enjoy strong relationships with the ANU medical school, University of Canberra and The Canberra Hospital;
- Receive a highly competitive salary package and relocation assistance.

The department is equipped with the latest anaesthetic machines (GE Aisys) and monitoring, both in the operating suite, the emergency department and the 6-bed critical care unit. This includes ultrasound/echo machines and videolaryngoscopes.

You’ll enjoy varied and interesting work from acute obstetrics, pain management service, pre-admission service, orthopaedics, ENT, urology, gynaecology, general, colorectal, endocrine surgery and ophthalmology, plus a challenging mix of elective and emergency surgery and trauma.

South East Regional Hospital (SERH) is a purpose-built facility situated on the outskirts of Bega. The $187 million hospital, opened in 2016, provides care to over 49,000 residents and is growing according to the needs of its regional population. The hospital sees approximately 300 births annually, and has 3 operating theatres and 1 procedure room, performing over 4000 operations and procedures per year.

About the region

Bega is the urban centre of the stunning Sapphire Coast in NSW and offers an enviable lifestyle with a strong economy, new infrastructure, relaxed lifestyle and mild climate. The area also boasts an affordable property market, a range of educational options and daily flights to Melbourne and Sydney.

Bega is flanked by national parks and rich farmland making the region a natural playground. If you have a passion for fishing, boating, skiing, cycling, walking, golf, art or music – this is the place for you.

Essential criteria

To be successful in this role, you will have strong communication skills and the ability to encourage collaborative relationships to ensure the best possible service delivery. You will also have a keen interest in supervision and training, as well as a commitment to research and quality improvement.

You must have FANZCA and be registered as a Specialist or eligible for registration as a Specialist with AHPRA.

Don’t miss this opportunity to build your career whilst enjoying a quality work-life balance.
