

November 2-4, 2017
 Novotel Sydney
 Manly Pacific,
 New South Wales

The Perioperative Medicine Special Interest Group in association
 with the Royal Australasian College of Surgeons presents
**“Cancer Surgery and Perioperative
 Medicine: Prehab to Rehab”**

#PeriSIG17

The 6th Annual Australasian Symposium of Perioperative Medicine

PROGRAM

THURSDAY NOVEMBER 2, 2017			
8AM-5PM REGISTRATION OPENS			
1-1.20PM	Welcome and overview of the meeting	Associate Professor Ross Kerridge, Mr Steve Smith and Dr Jill Van Acker	
1.20-1.40PM		Dr Robyn Smiles and Dr Sancha Robinson	Caught between Leo and Gemini: Cancer
1.40-2.50PM	SESSION 1: The Global Rise of Perioperative Medicine	Chair: Dr Jeremy Fernando	
		Professor Lee Fleisher	The American perspective: The perioperative surgical home
		Professor Henrik Kehlet	The European perspective: Fast track surgery
		Professor Andrew Hill	The Australasian perspective: Reducing variability
2.50-3.10PM AFTERNOON TEA			
3.10-4.30PM	SESSION 2: Prehabilitation	Chair: Dr Jill Van Acker	
		Dr Denny Levett	Exercise and cancer surgery
		Dr Alisa Crouch	Nutrition and haematinics in the perioperative period
		Professor Andrew Hill	Do surgeons buy into prehabilitation?
4.30-6PM	Australia-New Zealand Emergency Laparotomy Audit and Quality Improvement (ANZELA-QI): A proposed binational emergency laparotomy quality improvement	Chair: Dr Jeremy Fernando	
		Dr Ben Griffiths, Dr James Aitken, Dr Peter Pockney and Dr David Rankin	
6-7.30PM WELCOME RECEPTION			
FRIDAY NOVEMBER 3, 2017			
6.30-7.30AM	Morning yoga on the Terrace at the Novotel Sydney Manly Pacific (optional activity) Morning run on the beach (optional activity)		
8.30-9.50AM	SESSION 3: Intraoperative variables that alter postoperative outcomes	Chair: Mr Steve Smith	
		Professor Henrik Kehlet	Does intraoperative management affect postoperative outcome
		Professor Bernhard Riedel	Does my anaesthetic really affect cancer outcomes & RIOT?
		Professor David A Scott	BIS, BP and outcomes
9.50-10.20AM MORNING TEA			
10.20AM-12PM	SESSION 4: It is not all about cancer	Chair: Dr Sean McManus	
		Professor Ian Harris	Evidence based surgical procedures and quality research
		Professor David Story	Perioperative evidence: An update
		Professor Lee Fleisher	Value based care: A system overhaul
		Dr Sean McManus	The ANZCA perioperative medicine qualification

FRIDAY NOVEMBER 3, 2017 (continued)
12-1PM LUNCH AND RESEARCH PRESENTATIONS

1-2.20PM	SESSION 5: Postoperative day 1-3	Chair: Dr Ming Loh	
		Dr Carol Chong	Perioperative Infarcts: Epidemiology, predictors and post-op monitoring
		Professor Peter Zelas	Early postoperative mortality: What does the data reveal?
		Dr Peter Saul	Dying in the 21st century

2.20-2.50PM AFTERNOON TEA

2.40-4PM	Lecture 1	Chair: Professor David Story Professor Lee Fleisher and Professor Jacqueline Close	Research directions in Perioperative Medicine
	Lecture 2	Dr Carol Douglas and Dr Peter Saul	Negotiating the tension between life and death - communication that underpins decision making at the end of life.

2.40-3.20PM	Small lecture 1A	Chair: Associate Professor Arthas Flabouris Dr Eamon Raith and Dr Clare Frauenfelder	Epidemiology of cancer in the ICU
	Small lecture 2	Dr Catherine Gibb	FULL The workings of a perioperative high risk clinic
	Small lecture 3A	Dr Nicola Broadbent and Mr Steve Smith	Frailty assessment
	Small lecture 4A	Dr Paul Glare	Perioperative management of cancer pain

2.40-4PM	SGD 1	Dr Prakash Nayagam	FULL Perioperative medicine in private practice: A local response to a local need
-----------------	-------	--------------------	--

3.20-3.30PM Small lecture change over time

3.30-4.10PM	Small lecture 1B	Associate Professor Arthas Flabouris, Dr Eamon Raith and Dr Clare Frauenfelder	Epidemiology of cancer in the ICU
	Small lecture 5	Dr Catherine Gibb	Head and neck cancer: Collaborations in complexity
	Small lecture 3B	Dr Nicola Broadbent and Mr Steve Smith	Frailty assessment
	Small lecture 4A	Dr Paul Glare	Perioperative management of cancer pain

4.15-5.15PM Paddle boarding (optional activity)
6-8PM Q Station history and ghost tour (optional activity)
SATURDAY NOVEMBER 4, 2017
**6.30-7.30AM Morning yoga on the Terrace at the Novotel Sydney Manly Pacific (optional activity)
Morning run on the beach (optional activity)**

7.30-8.30AM	Trainee breakfast	Dr Jeremy Fernando	Cornflakes with the Chair
--------------------	-------------------	--------------------	---------------------------

8.40-10AM	Lecture 3	Chair: Associate Professor Ross Kerridge Professor Michael Solomon, Dr Laura Ahmad, Dr Leona Wilson and Dr Peter Saul	Case based discussion: Multi-discipline panel case discussion around complex patients
	Lecture 4	Chair: Mr Steve Smith Professor Andrew Hill, Mr Mike Hulme Moir, Professor Henrik Kehlet, Dr Georgina Christelis and Dr Tan Kok Yang	Implementing ERAS

8.40-9.20AM	Small lecture 6A	Dr Denny Levett and Dr Hilmy Ismail	FULL Prehabilitation
	Small lecture 7A	Professor Jacqueline Close and Associate Professor Gideon Caplan	FULL Delirium
	Workshop 1A	Dr Debra Leung	FULL Having the Difficult Conversation: Shared Decision Making for the Pre-Anaesthetic Clinic

SATURDAY NOVEMBER 4, 2017 (continued)

9.20-9.30AM	Small lecture change over time		
9.30-10.10AM	Small lecture 6B	Dr Denny Levett & Dr Hilmy Ismail	Prehabilitation
	Small lecture 7B	Professor Jacqueline Close and Associate Professor Gideon Caplan	FULL Delirium
	Workshop 1B	Dr Debra Leung	FULL Having the Difficult Conversation: Shared Decision Making for the Pre-Anaesthetic Clinic
10.00-10.30AM	MORNING TEA		
10.30-11.50AM	Lecture 5	Chair: Dr Dick Ongley Professor Michael Solomon and Dr Vasi Naganathan Anaesthesia, ICU and Medicine	FULL Case based discussion: Multi-discipline panel case discussion around complex patients
	Lecture 6	Chair: Mr Steve Smith Professor Andrew Hill, Mr Mike Hulme Moir, Professor Henrik Kehlet, Dr Georgina Christelis and Dr Tan Kok Yang	Implementing ERAS
	Lecture 7	Dr Peter Saul, Dr Kathy Allsopp, Dr Sally Greenaway	Perioperative advanced care planning
10.30-11.10AM	Small lecture 8A	Dr Kate Burbury	FULL Perioperative nuances of a haematologist: Haematinic optimisation/iron infusions/fast track warfarin reversal/VTE prophylaxis
	Small lecture 9A	Dr Stuart Thomas	FULL Atrial fibrillation & cardiac investigation interpretation.
	Workshop 10A	Professor David A Scott and Associate Professor Lis Evered	FULL Postoperative Cognitive Dysfunction
11.10-11.20AM	Small lecture change over time		
11.20AM-12.00PM	Small lecture 8B	Dr Kate Burbury	Perioperative nuances of a haematologist: Haematinic optimisation/iron infusions/fast track warfarin reversal/VTE prophylaxis
	Small lecture 9B	Dr Stuart Thomas	Atrial fibrillation and cardiac investigation interpretation.
	Workshop 10B	Professor David A. Scott and Associate Professor Lis Evered	FULL Postoperative Cognitive Dysfunction
11.50AM-1PM	LUNCH		
1PM-2.20PM	SESSION 6: Updates in cancer	Chair: Dr Dick Ongley	
		Mr Mike Hulme Moir	An update on cancer screening
		Professor Michael Solomon	Cancer salvage surgery and quality of life
		Dr Chris Steer	Cancer in the older adult - New treatments, new toxicities... better outcomes?
2.20-2.40PM	AFTERNOON TEA		
2.40-4.30PM	SESSION 7: Our models of care and how they need to change	Chair: Professor Andrew Hill	
		Dr Jeremy Fernando, Dr Siva Senthuran, Mr Mike Hulme Moir, Dr Ming Loh	Multi-speciality debate - Who should lead perioperative medicine?
		Professor David Currow	Palliative care, surgery and palliative surgery: three worlds collide?
		Professor David A Scott, Dr Catherine Yellard, Mr Phil Truskett, Professor Lee Fleisher	The future of cancer care and perioperative medicine in Australia and New Zealand: panel discussion
4.30-4.45PM	CLOSING - CONVENORS		
4.45-5.30PM	PERIOPERATIVE SIG AGM		
6.30-11PM	CONFERENCE DINNER - MANLY PAVILION		

We will be utilising real time polling and the ability to ask question via the conference application.

Program: The program has been designed around short lectures with discussion time and small lectures. Delegates are invited to register for these smaller lectures, lectures and SGDs. Some of the sessions are repeated to maximise the potential for covering the topics of your interest. Places are limited and will be available on a first-come-first-serve basis.
