## CRITICAL CARE COORDINATOR (12-months fixed term)

To support the work of Adult Retrieval Victoria (ARV) within the Metropolitan Ambulance Service, and to grow the capability of the service, applications are invited for a number of Critical Care Coordinators to be available to work (at least) one shift per week. Reporting to the Medical Director, the primary objectives of the position are to provide clinical advice for critically ill patients and to coordinate adult retrieval missions.

Successful applicants will be qualified medical practitioners registered in the state of Victoria with relevant post-graduate qualifications in Emergency medicine, Anaesthesia or Intensive Care Medicine. Previous experience in retrieval is desirable, however training in all aspects of critical care coordination will be provided.

ARV is developing as an innovative and progressive service, and seeks capable staff to assume these positions of responsibility and leadership. With the merge of Rural and Metropolitan Ambulance Services, the commissioning of increased retrieval aeromedical platforms and major changes to our processes, the future of Retrieval in Victoria is an exciting example of the best interaction of people, technology and well designed systems – all delivering better patient care and outcomes.

To apply for these positions, please submit an application form, available via the MAS website [www.mas.vic.gov.au](http://www.mas.vic.gov.au) or by contacting the Human Resources Department on Tel: (03) 9840 3688 or Email: [human.resources@mas.vic.gov.au](mailto:human.resources@mas.vic.gov.au). A detailed Position Description is also available on the website or by contacting the Human Resources Department.

We request that your application for the Critical Care Coordinator is forwarded by **Monday 30 June 2008** to:
