

# Critical Care and Resuscitation

## EDITORIALS

- 121 Ronald Valentine Trubuhovich:  
champion of intensive care medicine  
Ross C Freebairn
- 123 From respiratory support to critical care: my early days  
in intensive care medicine  
Ronald V Trubuhovich
- 127 Rapid response systems: have we MET the need?  
Chris Joyce and Colin McArthur

## ORIGINAL ARTICLES

- 129 Relationship between tissue hypoxia and apoptosis:  
a preliminary observational study  
Bala Venkatesh, Glenda Gobe, T John Morgan,  
Andrea Beindorf, Jonathon Hall and Mark Jones
- 137 Prospective evaluation of procalcitonin in sepsis  
in the Illawarra area of Australia: PEPSIA study  
Kumar A Muthiah, Kanaka S Rachakonda, Michael J Davis,  
Edward G Simmons, Gary Schier and Fernando San Gil
- 143 Effect of changes in syringe driver height on flow:  
a small quantitative study  
Andrew I Donald, Meher P Chinthamuneedi  
and Douglas Spearritt
- 148 A clinical audit of the efficacy of tegaserod as  
a prokinetic agent in the intensive care unit  
Dianne P Stephens, Jane H Thomas, Sarah J Collins,  
Paul B Goldrick and Stephen Fowler
- 151 The medical emergency team and end-of-life care:  
a pilot study  
Daryl A Jones, Tammy McIntyre, Ian Baldwin,  
Inga Mercer, Andrea Kattula and Rinaldo Bellomo
- 157 The antimicrobial effect of heparin on common  
respiratory pathogens  
Christopher Zappala, Snehal Chandan,  
Narelle George, Joan Faoagali and Robert J Boots
- 161 A sustained reduction in the transmission of methicillin-  
resistant *Staphylococcus aureus* in an intensive care unit  
Elizabeth E Gillespie, Fiona J ten Berk de Boer,  
Rhonda L Stuart, Michael D Buist and Jill M Wilson
- 166 Effect of midazolam versus propofol sedation on markers  
of neurological injury and outcome after isolated severe  
head injury: a pilot study  
Kamran A Ghori, Dominic C Harmon,  
Abdurrahim Elashaal, Mark Butler, Fergus Walsh,  
Michael G J O'Sullivan and George D Shorten
- 172 The long-term outcome of children managed with  
extracorporeal life support: an institutional experience  
Anna K Taylor, Rachel Cousins and Warwick W Butt

## CASE REPORTS

- 178 Methaemoglobinaemia: an explosive case  
Steven T Galluccio, Nicholas A Edwards,  
David G E Caldicott and John E Greenwood

- 181 Group B streptococcal meningitis in a  
middle-aged woman  
Adam L Holyoak and Todd A Fraser
- 184 Cerebral fat embolism syndrome causing brain death  
after long-bone fractures and acetazolamide therapy  
Criona M Walshe, James D Cooper,  
Thomas Kossmann, Ivan Hayes and Linda Iles

## REVIEWS

- 187 Statistics in review. Part 2: Generalised linear models,  
time-to-event and time-series analysis, evidence synthesis  
and clinical trials  
John L Moran and Patricia J Solomon
- 198 Advancing intensive care research in Australia and  
New Zealand: development of the binational  
ANZIC Research Centre  
Daryl A Jones, D Jamie Cooper, Simon R Finfer,  
Rinaldo Bellomo, John A Myburgh, Alisa Higgins,  
Sandra L Peake, Ian Jenkins and John McNeil

## SURVEYS

- 205 The effectiveness of implementation of the medical  
emergency team (MET) system and factors associated  
with use during the MERIT study  
Michelle A Cretikos, Jack Chen, Ken M Hillman,  
Rinaldo Bellomo, Simon R Finfer, Arthas Flabouris  
and the MERIT study investigators
- 213 A pilot audit of the process of end-of-life decision-making  
in the intensive care unit  
Martina Zib and Peter Saul

## POINT OF VIEW

- 219 The ideal intensive care unit: open, closed or  
somewhere between?  
Lindsay IG Worthley

## HISTORY OF MEDICINE

- 221 History of mouth-to-mouth ventilation.  
Part 3: the 19th to mid-20th centuries and "rediscovery"  
Ronald V Trubuhovich

## LETTER AND BOOK REVIEW

- 238 Happy Easter!  
David Austin
- 239 Examination intensive care and anaesthesia:  
a guide to intensivists and anaesthetist training  
Reviewed by Gregory P Comadira

## DEPARTMENTS

- 240 Future meetings
- 241 Information for authors
- 244 About the Journal

---

Cover: Discussing end-of-life issues with a surrogate.
