

VMO Anaesthetist (Short term up to 6 months), Tamworth Hospital

An opportunity is available for a Consultant Anaesthetist to provide Anaesthetic services to Tamworth. Do you want to experience a rural lifestyle and expand your career but aren't yet ready to commit to the long term?

The Anaesthetic Service in Tamworth provides anaesthesia for all surgery conducted at both Tamworth Hospital and Tamara Private Hospital. This provides an excellent mix and opportunities for work within both the public and private settings. Anaesthetics are delivered for all major surgery, with the exception of cardiac and neurological. There is also a broad mixture of paediatric, and O&G cases as well as general anaesthetic exposure. The staffing of the service is "family friendly" with the ability as a VMO to tailor hours to suit personal circumstances.

Tamworth Hospital and Tamara Private Hospital service a local community of 55,000, and a referral community of 150,000. Tamworth Hospital has 270 beds and conducts over 9000 surgical procedures p.a. Tamworth ED is the busiest non-metro ED in NSW with approx. 43,000 presentations p.a. The ICU has 8 ventilated beds and offers long term ventilation, invasive monitoring and CRRT. The retrieval service utilises a twin engine IFR helicopter based in Tamworth.

Tamara Private Hospital is the focus of private health care in the Tamworth region. The hospital has 55 beds, 3 operating theatres equipped to undertake major surgical procedures, large procedural room, an obstetric unit and a large day surgery facility. Tamara Private Hospital conducts 3000 surgical procedures p.a. Tamara is located 500m from Tamworth Hospital, making travel time between the two appointments minimal.

Embrace tranquillity and live life!

Set against a backdrop of beautiful undulating mountain landscapes, open fields, and spectacular bush hinterland, the location of Tamworth is picturesque and carefree. Add to this scene the ease and accessibility for family and working life, thriving business and industry, and recreational choices. Tamworth is the ideal place to raise a family and delivers the perfect work/life balance. The central business district offers a multitude of contemporary and traditional fashion and retail options, convenient parking and a modern alfresco café style atmosphere. Tamworth is one of the most progressive places in inland Australia, combining country living with city style!

A stand out opportunity!

This role offer a unique and flexible lifestyle for the motivated Anaesthetist who seeks a rewarding career within a relaxed environment. You will find an abundance of real estate options available at very affordable prices and the choice of several private and public education facilities. You will find that Tamworth is a great place to live, work and raise a family and further your career.
