

Anaesthetics Consultant

An accredited full time position exists at Bendigo Health for a Consultant Anaesthetist offering excellent pay and conditions.

Our Anaesthetics Department has a strong commitment to excellence in clinical, education, quality, and research activities.

The department is supported by 8 full time specialist anaesthetists, 11 VMO anaesthetists, 4 full time ICU specialists and an Acute Pain Nurse. The Anaesthetic Department runs a 24 hour roster with 8 registrars. Bendigo Health is affiliated with the Bendigo Regional Clinical School and has a commitment to teaching. All surgical sub specialities are represented excluding Cardiac and Neurosurgery.

Bendigo Health is an expanding multi-service regional health organisation based in Bendigo and is one of the largest regional health providers in Victoria. The Victorian Government has committed to building a brand new hospital for Bendigo, due to be completed in 2016. This will be the largest regional hospital development in Victoria's history and one of the largest hospital projects across Australia. It will have the capacity to meet projected growth for health services in Bendigo and the greater Loddon Mallee region.

Bendigo is a thriving provincial city with over 100,000 people with excellent facilities and amenities just 90 minutes from Melbourne. Forget the traffic snarls, you can be at work within 10 minutes.

This is an opportunity to enjoy a challenging clinical and academic career in a location offering the advantages of city life combined with the beauty and freedom of the bush. Surrounded by 31 vineyards and many boutique wineries, Bendigo is a rapidly developing regional city with much to offer families, couples and individuals. Good restaurants, extensive cultural activities and the great outdoors are all on your doorstep. Bendigo also has several outstanding private and public schools as well as university and TAFE campuses.
