

A key, NO-COST educational initiative from Faculty of Pain Medicine (FPM) and Therapeutic Goods Administration (TGA) supporting safer opioid prescribing.

Better Pain Prescribing: Clarity and confidence in opioid management

Free Better Pain Management eLearning from Faculty of Pain Medicine (ANZCA)

Learning outcomes include:

- Developing sustainable techniques for delivering clinically-responsible outcomes for those experiencing persistent/chronic pain
- Improving patient results with the use of alternative treatment options that provide clear pain management choices
- Recognizing complex pain management needs, critical for use prior to opioid therapy

Simply scan this QR code for direct registration and enrolment.
