

## Annual training fee payment form

An annual training fee must be paid by all FPM trainees in approved training. Trainees undertaking prospectively approved interrupted training for the entire year pay a registration maintenance fee. All periods of part-time training or interrupted training must be applied for prospectively. Reduced fees will be determined for trainees who have prospectively approved part time training for 12 months or prospectively approved interrupted training for a continuous period of at least 13 weeks. Trainees who have withdrawn from the FPM training program should notify the faculty.

Annual training fees are due by January 31, 2024. Please submit your annual training agreement with your payment.
