

## CPD handbook appendix 4.1PPM

### Multi- source feedback responses (procedures in pain medicine) collation form

This form is designed to be used by the facilitator acting for the Continuing Professional development (CPD) participant undertaking the collation of all multisource feedback responses. The facilitator collates the feedback of the individual forms on to this summary sheet and provides this de-identified feedback to the specialist pain medicine physician.

As the facilitator, you should confidentially destroy the responses after you have collated this summary document and then provide the document to the CPD participant.
