Dear Healthcare Professional,

**RE: DISCONTINUATION OF MS MONO<sup>®</sup>, OXYNORM<sup>®</sup> CAPSULES AND SEVREDOL<sup>®</sup> TABLETS**

After careful consideration, and having informed the Health Authorities, Mundipharma Pty Limited (Mundipharma) will no longer supply the following products from its pharmaceutical portfolio:

- OxyNorm<sup>®</sup> capsules 5 mg, 10mg & 20mg (oxycodone hydrochloride) – AUST R 74145, 74143, 74141
- MS Mono<sup>®</sup> capsules 30mg, 60mg, 90mg & 120mg (modified release morphine sulfate) – AUST R 74156, 74154, 74152, 74150
- Sevredol<sup>®</sup> tablets 10mg & 20 mg (morphine sulfate) – AUST R 47543, 214089

It is important to note that this is a global decision, based on the complexity of continuing to provide these products. Mundipharma is taking steps to make robust efficiency changes at our global manufacturing site in order to strengthen supply lines and guarantee future supply of our remaining pain medications.

Given current demand, we anticipate the products will be discontinued from the market at varying timepoints as illustrated in the table as follows:

|                                     |                |
|-------------------------------------|----------------|
| MS Mono <sup>®</sup> capsules 30mg  | September 2024 |
| MS Mono <sup>®</sup> capsules 60mg  | October 2024   |
| MS Mono <sup>®</sup> capsules 90mg  | August 2024    |
| MS Mono <sup>®</sup> capsules 120mg | September 2024 |
| Sevredol <sup>®</sup> tablets 10mg  | July 2024      |
| Sevredol <sup>®</sup> tablets 20mg  | April 2024     |
| OxyNorm <sup>®</sup> capsules 5mg   | March 2025     |
| OxyNorm <sup>®</sup> capsules 10mg  | June 2024      |
| OxyNorm <sup>®</sup> capsules 20mg  | March 2025     |

Please refer to the [TGA Medicine Shortage reports database](#) for the most current discontinuation date as these may be subject to change based on any fluctuations in current demand.
