

2022 CTN Strategic Research Workshop – part 2

14TH ANNUAL MEETING

4-7 August 2022, Pullman Brisbane

#CTN2022

Program

THURSDAY 4 AUGUST

AEST	Session	Venue
12-3pm	Anaesthesia Research Coordinators Network Sub-committee working lunch	Malt Dining
5.45-7.30pm	Anaesthesia research coordinators' networking dinner	Santa Monica
7-8.30pm	Informal networking drinks	Santa Monica

FRIDAY 5 AUGUST

AEST	Session	Venue
8.30-9am	Arrival tea and coffee	
9-10.15am	Plenary session 1: Keynote presentations <i>Co-chairs: Dr David Highton (Qld) and Dr Amy Gaskell (NZ)</i> Welcome – Dr David Highton (Qld) Keynote 1: Clarifying clinical trial aims and analysis using the Estimand Framework – Dr Anurika De Silva (Vic) Keynote 2: What journal statistical editors are looking for – Professor Tim Houle (USA)	Lincoln/Roosevelt room
10.15-10.45am	Break	
10.45am-11:50am	Plenary session 2: Trial updates and lessons learned part one <i>Co-chairs: Mrs Sam Bates (Vic) and Ms Dhiraj Bhatia Dwivedi (Vic)</i> ROCKnet – Professor Philip Peyton (Vic) Chewy – Professor Kate Leslie (Vic) VAPOR-C – Dr Julia Dubowitz (Vic) and Ms Kimberley Coleman (Vic) CLIP-II – Professor Michael Reade (Qld) DECS-2 – Associate Professor Stefan Dieleman (NSW) LOLIPOP – Professor Tomás Corcoran (WA)	Lincoln/Roosevelt room
11.50am-12.20pm	Plenary session 3: National One Stop Shop and the National Mutual Acceptance initiative <i>Co-chairs: Mrs Sam Bates (Vic) and Ms Dhiraj Bhatia Dwivedi (Vic)</i> National One Stop Shop – Ms Melissa Hagan (Qld)	Lincoln/Roosevelt room
12.20-1.20pm	Break	

FRIDAY 5 AUGUST CONT.

AEST	Session	Venue
1.20-2.55pm	<p>Plenary session 4: New Proposals part one</p> <p><i>Co-chairs: Professor Michael Reade (Qld) and Associate Professor Susan Humphreys (QLD)</i> <i>Statisticians: Dr Anurika De Silva and Professor Tim Houle</i></p> <p>Vasopressin vs placebo to reduce postoperative complications in cardiac surgery (V-PACE): A multicentre randomised trial – Associate Professor Lachlan Miles (Vic) POSTVenTT: A randomised controlled trial of postoperative intravenous iron for the treatment of anaemia before major abdominal surgery – Associate Professor Lachlan Miles (Vic) The impact of perioperative administration of seasonal influenza vaccine and arginine-enriched immunonutrition on perioperative immune status (PaSIV): A pilot study – Dr Julia Dubowitz (Vic) Spinal anaesthesia to improve early postoperative outcomes after robotic-assisted radical prostatectomy – Dr Julia Dubowitz (Vic) Intrathecal morphine in major laparoscopic abdominal surgery – Dr Katrina Pirie (Vic)</p>	Lincoln/Roosevelt room
2.55-3.20pm	Break	
3.20 to 3.50pm	<p>Plenary session 5: Lessons learned: TRIGS trial investigators</p> <p><i>Co-chairs: Associate Professor Trisha Peel (Vic) and Dr David Highton (Qld)</i></p> <p>Presentation and Q&A – Ms Sophie Wallace and Professor Paul Myles (Vic)</p>	Lincoln/Roosevelt room
3.50 to 4pm	Break	
4-5pm	<p>Plenary session 6: CALIPSO information session and start-up meeting</p> <p><i>Co-chairs: Professor Paul Myles (Vic) and Associate Professor Stefan Dieleman (NSW)</i></p> <p>Presentation and Q&A – Associate Professor Trisha Peel (Vic), Ms Sarah Astbury (Vic) and Ms Paige Druce (Vic)</p>	Lincoln/Roosevelt room
5.00pm	Day 1 concludes	
6.30-9pm	Welcome reception	Crystalbrook Vincent

SATURDAY 6 AUGUST

AEST	Session	Venue
7.30 - 8.45am	<p>CTN Executive breakfast meeting</p> <p><i>Chair: Professor Andrew Davidson (Vic)</i></p>	Lincoln/Roosevelt room
8.30-9am	Arrival tea and coffee	
9-10.15am	<p>Plenary session 7: Open Science panel discussion</p> <p><i>Co-chairs: Professor Andrew Davidson (Vic) and Dr Jennifer Reilly (Vic)</i></p> <p>Australian Research Data Commons (ARDC) HeSANDA QLD node – Dr David Hansen (Qld) Open source – Professor Tim Houle (USA) Panel discussion – Dr David Hansen (Qld), Professor Tim Houle (USA), Associate Professor Victoria Eley (Qld), Professor Kate Leslie (Vic) and Professor Paul Myles (Vic)</p>	Lincoln/Roosevelt room
10.15-10.45am	Break	
10.45am-12.20pm	<p>Plenary session 8: Lessons learned part two</p> <p><i>Co-chairs: Dr Doug Campbell (NZ) and Professor Tomás Corcoran (WA)</i></p> <p>T-REX – Professor Andrew Davidson (Vic) ITACS – Professor Paul Myles (Vic) HAMSTER – Associate Professor Susan Humphreys (Qld) NATO – Associate Professor Lachlan Miles (Vic) TRICS-IV – Professor David A Scott (Vic) MASTERSTROKE – Ms Davina McAllister (NZ) POISE-3 – Professor Kate Leslie (Vic)</p> <p>POISE-3 blood pressure results</p> <p>Professor Kate Leslie (Vic)</p>	Lincoln/Roosevelt room
12.20-1.20pm	Break	
1.20 to 2.45pm	<p>Plenary session 9: New Proposals part two</p> <p><i>Co-chairs: Associate Professor Victoria Eley (Qld) and Associate Professor Stefan Dieleman (NSW)</i> <i>Statisticians: Dr Anurika De Silva and Professor Tim Houle</i></p> <p>Physician versus viscoelastic assay-guided transfusion strategy for massive haemorrhage in elective cranial vault surgery Feasibility Trial: HUMPTY DUMPTY Feasibility Trial – Dr Shannon Morrison (Qld) Lung complications and EXTubation with Controlled O₂ concentration (LEXiCO₂N) Trial – Professor Philip Peyton (Vic) Improving the safety of intravenous drugs with a test-dose delivery system – Dr Paul Sadleir (WA) Supraglottic airways or endotracheal tubes for ventilation in anaesthesia – Professor Tim Short (NZ)</p>	Lincoln/Roosevelt room

SATURDAY 6 AUGUST CONT.

AEST	Session	Venue
2.45-3.15pm	Break	
3.15-3.45pm	Plenary session 10: Research methodology <i>Co-chairs: Dr Amy Gaskell (NZ) and Associate Professor Stefan Dieleman (NSW)</i> Keynote: Modeling trajectories from time-series outcomes in clinical trials – Professor Tim Houle (USA)	Lincoln/Roosevelt room
3.45-3.55pm	Break	
3.55 to 5pm	Plenary session 11: CTN and ARCN business meetings and meeting close <i>Co-chairs: Professor Tomás Corcoran (WA) and Ms Paige Druce (Vic)</i> ANZCA Foundation update – Mr Rob Packer (Vic) CTN update – Ms Karen Goulding (Vic), Professor Andrew Davidson (Vic) and Dr David Highton (Qld) ARCN update – Ms Dhiraj Bhatia Dwivedi (Vic) Meeting close – Professor Andrew Davidson (Vic)	Lincoln/Roosevelt room
5.00pm	Day 2 concludes	
From 5.30pm	Bus transfer from Pullman Brisbane to Conference dinner	
6.30-10pm	Conference dinner	Riverlife
From 9.30pm	Bus transfer from Conference dinner to Pullman Brisbane	

SUNDAY 7 AUGUST

AEST	Session	Venue
7.45-8.45am	Emerging Investigators breakfast	Brew Cafe
8.30-9am	Arrival tea and coffee	
9-10.15am	Emerging investigators workshop – part 1 (multicenter studies) <i>Co-chairs: Dr Jennifer Reilly (Vic)</i> SNAP3 – Dr David Highton (Qld) and Mrs Gayle Claxton (Qld) iHYPE and trainee multicentre studies – Dr Stefan Saric (Qld) Simple preoperative assessment of functional capacity and prediction of postoperative outcomes – Honorary Clinical Associate Professor Natalie Smith (NSW) Panel discussion	Lincoln room
10.15-10.45am	Break	
10.45am-12pm	Emerging investigators workshop – part 2 (Clinical trials development in depth) <i>Co-chairs: Professor Phil Peyton (Vic)</i> Baby CHiX: Caudal, High Flow and DeXmedetomidine sedation compared to general anaesthesia for inguinal hernia surgery in neonates and infants, a randomised controlled trial – Dr Fiona Taverner (SA) Is it possible that the extreme variability that exists with intravenous fluid management during induction of labour may be leading to an increase in the duration of labour? – Dr Darren Lowen (Vic) Analgesia for major open abdominal surgery: A feasibility study using a combination of intrathecal and epidural morphine – Dr Katrina Pirie (Vic) Group discussions	Lincoln room
12-12.30pm	Lunch	

TIME ZONES
