## Program

### Welcome

Join us at the 2022 Queensland ACE meeting at Peppers Noosa Resort from 16-17 July.

Set against the beautiful backdrop of the lush national forest and iconic beaches of Noosa, we wish to welcome you to our meeting "Making waves". We're delivering a program that focuses on new ways of delivering anaesthesia and anaesthesia education, exploring how the provision of anaesthesia through the pandemic has given us new challenges, and how we have sought to overcome these, emerging stronger.

We have some incredible speakers lined up for the meeting and an extensive range of emergency response workshops so you can dust off some skills that may not have been employed recently, and fulfil continuing professional development (CPD) requirements.

We hope that you'll join us at this face-to-face conference and use this opportunity to re-group, re-connect and learn together in a relaxed, picturesque setting.
