

# **ANZCA and FPM CPD Program**

## Multi-source feedback (diving and hyperbaric medicine) - form

#### A voluntary, quality improvement activity

Thanks for agreeing to be a part of this process. The hyperbaric physician who has given you this form is participating in this voluntary activity as part of the Australian and New Zealand College of Anaesthetist (ANZCA) and Faculty of Pain Medicine (FPM) Continuing Professional Development (CPD) Program.

The purpose of the multi-source feedback is to guide improvement of hyperbaric physicians by asking colleagues and co-workers to identify to identify their strengths and attributes that can be developed further and/or addressed if necessary.

Feedback responses have been requested from others, including hyperbaric physicians, hyperbaric nurses/technicians and DHM trainees (if applicable). Administrative staff may have been approached also.

### Please provide honest feedback

Please provide honest feedback on the form, by indicating whether you observe the hyperbaric physician never, sometimes, usually or consistently demonstrating the attributes listed on the left-hand side of the form. If you have not observed any particular item, please mark the "not observed" box for that item.

#### Your feedback is confidential

Please forward the completed form to the facilitator listed below.

The facilitator will collate the results from individual forms on to a summary sheet and provide de-identified summarised feedback to the hyperbaric physician. The hyperbaric physician does not view individual forms. The facilitator will destroy them after responses are included in the summary sheet.

Facilitator's name:	
Where to send the form (email/postal address):	
Anaesthetist's name:	
Your role	
(e.g. hyperbaric physician/nurse/technician, DHM trainee)	

Please indicate the relevant box in each line and provide comments after each section					
Patient management	Not observed	Never	Sometimes	Usually	Consistently
