

NSW ACE June meeting – take two!

“Anaesthesia – a bit of everything”

Saturday 19 June, 2021

9am–5pm

Hilton Sydney Hotel

“The good physician treats the disease; the great physician treats the patient who has the disease” William Osler

Due to COVID-19 suspending our meeting in 2020, we are now ready to re-launch “Anaesthesia – a bit of everything” – take two! We welcome everyone back to the Hilton, face-to-face once again.

This years’ meeting is titled “Anaesthesia – a bit of everything” encapsulates the notion of the anaesthetic physician – trained to acutely manage myriad diseases and patients and provide safe, comprehensive and evidence based pre-operative, operative and post-operative anaesthetic care. We are fortunate to be able to showcase a number of key speakers and topics to reinforce this notion and provoke thoughtful reflection on our own practices.
