Multi-source feedback (diving and hyperbaric medicine) – summary form

The facilitator uses this form to summarise and de-identify the feedback from individual MsF responders. In your comments, compare these summary results with the hyperbaric physician's self-assessment and record areas of variation. Provide the only copy of this completed form to them prior to the MsF feedback meeting. Keep a copy of this collated response form for the feedback conversation but then delete it from your records.

Please confidentially destroy the individual response forms after you have collated them into this summary; do not provide them to the hyperbaric physician.
