

VMO / SS Anaesthetist

Armidale Hospital

We are seeking an Anaesthetist who wishes to pursue a career in a rural environment. Come and establish yourself as a valuable contributor to both the Armidale Hospital and the broader communities of the city of Armidale and New England area. We are keen to discuss with the successful candidate the role being either a Visiting Medical Officer or a 1.0FTE Staff Specialist.

About the job:

- You will provide safe, efficient and effective Anaesthetic, emergency airway management, ventilation and acute pain service to patients of Armidale Rural Referral Hospital including providing support to a 5 bed HDU.
- Conduct preoperative outpatient consultancy services
- Opportunity for conjoint appointments with Joint Medical Program, University of New England
- You will be well supported by a team of colleagues with a good mix of experience and enthusiasm, providing mentoring and support

Armidale has excellent schools, affordable housing and recreational opportunities. Living in Armidale allows you the time to enjoy life and participate in the community. You can spend more time with your family, your children can attend some of the best schools in Australia and the commute to work (10 minutes) is something people in larger cities only dream about. Come and enjoy much of what large metropolitan cities have to offer but without the challenges.

Please contact: Dr David Rowe, Clinical Director of Anaesthetics, Armidale Hospital Ph. (02) 6776 9500 or Cheryl Hayes, Senior Medical Recruitment Consultant Ph. (02) 67637416
