

## **Pain Medicine Specialist: Perth, Western Australia**

Neurospine Institute is a multi-disciplinary specialist practice providing surgical services to patients with a wide range of spine and brain disorders and diseases.

Our vision is to be recognised as the leader in the provision of best quality healthcare services for patients in the regions that we serve.

Working closely with our team of busy surgical specialists along the continuum of care you have the opportunity to benefit from our large referral base and establish an instant integrated private practice that you can grow providing consulting and interventional procedural pain management services and with opportunity to pursue your areas of personal clinical interest. Our foundation offers further research opportunity

Your enthusiasm and commitment to pain medicine will see you will play an integral role in delivering quality outcomes to our patients as we continually seek to improve and advance medicine in Australia.

**Essential Criteria:** Registration as a Medical Practitioner with APRHA, Fellowship with the Australian and New Zealand College of Anaesthetists (ANZCA), Fellowship of the Faculty of Pain Medicine, current rights to work in Australia (Australian or New Zealand citizenship or Australian permanent resident)

Further information regarding the application process may be requested by email or phone.
