

**Position: Telehealth Pain Medicine Specialist**

**Employment Time: Part Time/Flexible**

**Remuneration: Fee for service**

Telecare is an online virtual clinic that provides specialist telehealth consultations to rural and aged care patients. We have a strong Australia wide referral network and a broad panel of medical and surgical specialists across 27 specialties and allied health professions. We are looking for more pain medicine specialists to join our panel and provide telehealth consultations. Find out more at our website [www.telecareonline.com.au](http://www.telecareonline.com.au).

**Our services:**

- Marketing and referral generation
- Full suite of administrative services:
  - Booking
  - Billing
  - Confirmation of patients
- Cloud based medical software
- Secure video software

**Benefits Include:**

- Flexible working hours, with no minimum commitment
- Work from home
- Broaden your referral base
- Access to rural loading item numbers (50% bonus medicare rebate)
- Service a vulnerable rural population with poor access to health care
- No administrative hassles

**Remuneration:**

- We are a bulk billing service
- Rural loading fees apply for the majority of patients (50% bonus rebate)

**Fees:**

- Our management fee is 25% of total billings

**Qualifications Required:**

- Fellow of the faculty of pain medicine (Physicians or Anaesthetists)
